

ELVL Structure Seal

Water-based Sealer for Wood

Description

ELVL Structure Seal is a water-based product formulated specifically for wood surfaces such as dimensional lumber, laminated veneer lumber, and parallel strand lumber. ELVL Structure Seal has excellent water repellency, long lasting outdoor durability, and minimizes blocking.

Where To Use

- Laminated veneer lumber
- Dimensional lumber
- Parallel strand lumber

Features and Benefits

- Excellent barrier protection
- Outdoor durability
- Easy to apply

Typical Properties

Solids by weight	28%
Viscosity in cPs - ASTM D 4878	30 - 210
Density - lbs/gal	8.21 (0.98)
pH	9 - 9.5

Application

ELVL Structure Seal is designed to work in many delivery systems, including air assisted and airless spray, and brush systems. Check with your representative for directions and recommendations for use with other types of application methods.

Clean-Up

Clean equipment before paint dries completely. If the paint has dried, hot water, detergent, and scrubbing will be required.

This product is supplied in a ready-to-use form.

Packaging

- 5 gallon pails (18.9 Liters)
- Totes
- Tank truck

Shelf Life

3 months when properly stored (as delivered).

■ Storage

Store this product in a clean, dry and shaded or covered environment above 45°F (7.2°C). DO NOT FREEZE.

■ Health and Safety

Before handling, you should become familiar with the Safety Data Sheet (SDS) regarding the risks and safe use of this product. To obtain an SDS please call 800-333-9826 or send an email to: sds@wilvaco.com.

■ Disclaimer of Warranty

Test results are to be considered as representative of current production and should not be treated as specifications. While all the information presented in this document is believed to be reliable and to represent the best available data on these products, no guarantee, warranty, or representation is made, intended, or implied as to the correctness or sufficiency of any information, or as to the suitability of any chemical compounds for any particular use, or that any chemical compounds or use thereof are not subject to a claim by a third party for infringement of any patent or other intellectual property right. Each user should conduct a sufficient investigation to establish the suitability of any product for its intended use. Proper application is the responsibility of the user. As with any product, the use of this product in a given application must be tested (including but not limited to field testing) in advance by the user to determine suitability. Testing is the requirement of both engineers and contractors alike. The Willamette Valley Company LLC does not warrant the application under any or all circumstances.
